

LED DOWNLIGHT WITH JUNCTION BOX

► **DESIGN & OPTIONS** - LED DOWNLIGHT WITH JUNCTION BOX has a classic, low-profile design with a baffle trim that allows you to have a stylish look with efficient lighting. Smooth dimming capabilities ranging from 10% to 100% with modern LED dimmers allow you to control the look and feel of your space. The 110° beam angle and CRI90+ grants you smooth and even lighting. It is also CCT selectable, letting you set it to 2,700K, 3,000K, 3,500K, 4,000K or 5,000K with a simple switch

► **INSTALLATION** - This fixture has an integrated J-box, making installation quick and easy. It has everything you need in one set. Just cut out the template, connect the J-box wiring on the back of the recessed downlight to your light switch, and place it into your ceiling. Spring-loaded clips ensure a snug fit to the surface. This fixture is IC rated so there is no can or any other housing required. Refer to install instructions for detailed steps.

► **APPLICATION** - Install the fixture to your ceiling for bright light in your family room, bedroom, hallway, corridor, or any other common area in your living space. It is suitable for Wet Locations, making it perfect for spaces with humidity requirements. It can also be used as a complimentary light to an existing ceiling light.

► **ENERGY SAVINGS & EFFICIENCY** - With a lifespan of 54,000 hours, these fixtures are made to last decades under normal operation! This fixture can cut your electric bill by up to 80% instantly and will save you a significant amount of money in its lifetime.

► **CERTIFICATION & WARRANTY** - Buy with confidence: ASD provides a 5-year limited warranty along with UL certification to guarantee top quality products and safety!

Energy Star classification allow participation in rebates; please check the rebate programs available in your state.

LED DOWNLIGHT WITH JUNCTION BOX

INSTALLATION GUIDE

IMPORTANT SAFETY INFORMATION:

Please read all the instructions below before installation.

- ▶ Make sure that the supply voltage corresponds to the rated product voltage.
- ▶ The product must be installed by a qualified electrician in accordance with the National Electrical Code and corresponding local codes.
- ▶ If the product is damaged, do not use it.

⚠ WARNING

RISK OF PERSONAL INJURY – READ and follow all WARNINGS and installation instructions. Keep or give to the owner for future reference.

Risk of cuts: Wear gloves to prevent cuts or abrasions when removing from carton, handling, installing, and maintaining this product.

Risk of electric shock: This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.

Risk of Fire: Minimum 194°F supply conductors. Consult a qualified electrician to ensure correct branch circuit conductor.

ASD® assumes no responsibility for claims arising out of improper or careless installation or handling of this product.

ELECTRICAL SCHEMATIC DIAGRAM:

INSTALLATION STEPS:

1. Use template to cut an appropriate sized hole.
2. Choose preferred color temperature by adjusting the switch. Open the junction box. Connect the wires: Black to Black, White to White, Green to Green. Secure the connection with wire nuts. Tuck all the wires back into junction box and close it.
3. Push the spring loaded clips upwards and insert the fixture base into the mounting hole. Release the clips and the fixture will be "pulled" into place against the ceiling. Once assembly is complete, turn the power on to ensure the fixture is operating properly.
